NORTHERN COLORADO COMMITTEE

STRUCTURAL ENGINEERS ASSOCIATION OF COLORADO

2014 SEAC Save the Date Double Tee Load Test

About the Event

SEAC invites you to save the date for our Northern Colorado special Double Tee test event. A full size prestressed concrete double tee will be loaded to service, ultimate, and failure. Lunch and door prizes will be provided.

This event will be held April 17, 2014 from 12:30-3:30 p.m. at:

Colorado Precast Concrete
1820 14th Street Southeast
Loveland, Colorado 80537
(970) 669-0535

This is the first event of this type in the region.

The following organizations are hosting the Double Tee Test:

- Structural Engineer Association of Colorado (SEAC)
- Colorado Prestressers Association (CPA)
- American Society of Civil Engineers (ASCE)
- National Precast Concrete Association (NPCA)
- Colorado Precast
- Precast/Prestress Concrete Institute (PCI)

Please save the date and forward to colleagues.

Contact Cody Geisendorfer at Cody@Quality-Engineering.com, or at 970-416-7891, for questions or other information.
